## About me

I'm Bokul, a certified web developer with 4+ years of experience specializing in WordPress, Elementor, Shopify, & Wix. I craft stunning websites that captivate 🌟. Beyond web development, I offer complimentary logo design & graphic services to elevate your brand. Let's collaborate to create digital magic ✨.

## Experience

### Graphic Designer

Jun 2018 - 2024

Freelanching

I'm a dedicated graphic designer with years of experience in logo creation, t-shirt designs, banners, and ads. Since 2018, I've worked on Fiverr and Upwork, delivering impactful designs to global clients and completing projects for local businesses. My passion for design drives me to create visuals that make a lasting impression.

### WEB Designer And Developer

Jan 2020 - 2024

WordPress And Shopify

Since 2020, I've specialized in WordPress and Shopify design, creating websites that blend functionality with aesthetics. I've worked on Fiverr and Upwork, helping clients worldwide build their online presence, and I've also partnered with local businesses to deliver tailored web solutions. My commitment to quality ensures that each project stands out and meets the needs of my clients.

### WordPress

Jan 2022 - Dec 2023

Trainer In Natore

I have 1 year of experience as a trainer, where I taught students how to work with WordPress, including advanced topics like Elementor, WooCommerce, and Crocoblock. My teaching focused on equipping students with practical skills and comprehensive knowledge to excel in web development and design.
